## Benton Future Farmers Win District Plaque

### Electric Service Hearing Today

#### Fate of Calvert Firm Creates Heated Debates

200 Customers Send Delegates To Frankfort

ONE OF THE most heated arguments hit the Calvert City section in many years—the current dispute over the proposed sale of the Rural Electric Service Company of Lawrence A. Solomon to the Kentucky Utilities Corporation—was due for an airing this morning before the State Public Service Commission at a special hearing in Frankfort.

Today's hearing is the outgrowth of petitions signed by more than 200 of the Electric Service Company's 700 patrons, who have expressed concern over the disposition of the power plant.

WHEN IT WAS revealed recently that Mr. Solomon planned to sell his firm to Kentucky Utilities for a reported \$75,000, protest groups immediately swung into action to stall the move. Several meetings were held—some drawing crowds estimated at between 200 and 300. This action followed closely on the heels of a request of Mr. Solomon on March 24 for permission to sell his business to Kentucky Utilities.

A three-week postponement was granted when state officials learned that numerous Marshall County customers desired to determine if they could buy the system themselves and obtain TVA power or could affiliate with the Rural Electric Cooperative.

SCHEDULED to represent the customers at today's session were Bonnie Stice, R. D. Smith, Paul Moser, Clarence H. Fowler and Charles H. Hall. The outcome of the hearing looms significant for several reasons. Many customers, including ardent boosters of TVA, feel that if there is any change in the present setup, it should be made to make cheap TVA power available. Acquisition of the Solomon enterprise would be a boon to Kentucky Utilities since it would give KU the prospect of serving one of the state's greatest potential industrial areas.

It was reported earlier this week that the REA co-op, with offices in Paducah, might be able to match Kentucky Utilities \$75,000 bid for the system. Mr. Solomon has operated the service since the early 1930s and built up a progressive business that has more than doubled in the past seven years.

#### Two Students Attend State Speech Meet

Two Benton High School students, Betty Edwards and Jack Henton, were in Lexington this week participating in the state finals of the high school speech festival.

Miss Edwards recently won first place in this region in poetry reading and Henton took top honors in oratorical declamation at Murray.

### Big Singing Fender Cards Dot the Streets

Too Late for CBS This Year—But Good Chance in 1950

BIG SINGING promotional placards are already in evidence on automobiles as the 1949 booster committee continues with its plans to make the big day more popular than ever and to publicize it from coast to coast. The prospects of a CBS nationwide hookup this year looked dimmer today than last week, but quite bright for next year, according to Ray Mofield of Haden, program director of station WPAD, who is trying to get Big Singing approved as an annual CBS special service program.

IN A LETTER received yesterday from Lee Bland, director of special services, Mofield was told that CBS definitely is interested in the project but in all likelihood won't be able to carry it this year because of the late notification received.

Mr. Bland directed Mofield to make several transcriptions of this year's singing and forward to him, along with detailed information about Big Singing, in anticipation of working out a program well ahead of time for next year. ANOTHER national hookup, the National Broadcasting Company, has expressed interest in

carrying Big Singing, with WSM in Nashville, NBC's clear channel outlet in central USA, as the originating station. The new streamers being placed on the bumpers of automobiles were worked up by the Rev. T. G. Waller, pastor of the First Missionary Baptist Church, who is doing the history of Big Singing and is taking the lead in the promotion campaign. The placards carry the words of "Big Singing," in large, red letters, flanked by a picture of the Kentucky Dam and the date of the big event, done in black.

### Lions and Easter Seals Make Things Easier

LITTLE CHUCK HOLT relaxes in his wheel chair in his home in North Benton. Standing behind him, left to right, are his mother, Mrs. Claud Holt; Woodrow Holland, Mark Clayton and Joe Duke, representatives of the Benton Lions Club, and Mr. Holt. Chuck suffers from spastic paralysis.

THE WHEEL chair enables Chuck to get around by himself—and he likes it, as the broad smile indicates.

### Chuck Can't Walk—But He Gets Around: And Doctors Have Hope

Holt Family Says Treatment Has Helped

THE EASTER SEAL campaign to raise funds for crippled children, which comes to a close on Easter Sunday, isn't something to be regarded in a disinterested manner—for it touches lives close to home. Take little Charlie Ray Holt, son of Mr. and Mrs. Claud Holt of 704 Elm Street, for example. "Chuck," as the bright-eyed 11 year old lad is called, has never been able to walk. He has been afflicted all his life with spastic paralysis.

BUT TREATMENT in the Kosair Crippled Children's Hospital at Louisville, an institution financed partly through campaigns such as the Easter seal drive, has given his parents hope that he may be able to walk again. "It will be a long, slow process," Mrs. Holt told a Tribune reporter last night, "but we are quite encouraged by reports from the Kosair doctors. Chuck has shown remarkable improvement since we put him on the medicine prescribed at the hospital."

THE BENTON Lions club had a hand in helping little Chuck along, too. They paid the expenses of Mrs. Holt and her son to Louisville—and have been furnishing the prescribed medicines. Only recently they bought a wheel chair for Chuck and he is now able to move around from room to room by himself. It's proved to be a great relief to Mrs. Holt—and the family feels that the exercise Chuck gets by operating the chair may be beneficial, too.

We can tell a great difference," Mrs. Holt smiled. "He is able to relax more—sleep more soundly. His limbs still draw when he gets excited, though."

THE HOLTS are lifelong residents of Marshall County and have lived in their present home 12 years. Mr. Holt, a native of Maple Springs, is employed at the Long Concrete Company. They have one other child, Claud Jr., who will be 20 months old on Easter Sunday.

Chuck is one of the favorites of the nurses at Kosair. And he likes the nurses too. His face lighted up with a broad grin when they were mentioned.

### Clark's River Flood Control Plans Mapped

County Soil Conservation Leaders Meet

THE CLARKS River Flood Control Project was the topic of a dinner meeting of supervisors of the Marshall County Soil Conservation District last night in Harvey's Cafe.

Renice Rudolph of Calvert City, chairman of the board, presided. It was pointed out that hundreds of acres of fertile land in Marshall County are difficult to cultivate because of floods.

IN RECENT years the banks of the East Fork, that part which splits Marshall County, and Middle Fork and West Fork of the river, which also run through part of the county, have caused much crop damage, washed out bridges, stifled transportation, flooded homes and otherwise disrupted the normal pursuits of life.

The Paducah Sun-Democrat suggested editorially recently that funds might be allocated for flood control of Clark's River—since money has been spent in other flood control projects not nearly so badly needed.

### District Director

LUTHER DRAFFEN of Calvert City has been elected director-at-large from the First District in the Kentucky Chamber of Commerce, it was announced today by B. J. Lenihan, president.

### KNIGHTS TO MEET

Benton Commandery 46, Knights Templar, will conduct a regular convocation tonight (April 15) at 7:30 o'clock in the Benton Masonic Hall. Work will be done in the order of the Red Cross and Malta, according to W. G. Ridings, commander, and H. A. Riley, recorder.

### LEON BYERS GETS THE RILEY HOUSE

Plans to Take Over This Month

THE RILEY HOUSE, 25-room structure at 209 East 11th Street, this week was traded to Leon Byers of Benton, by Mr. and Mrs. H. A. Riley, who have owned the place since 1925.

Mr. Riley acquired the Byers residence at 903 Elm Street in the deal and the two families plan to move as soon as practical, and Mr. and Mrs. Byers plan to take over operation of the Riley House sometime this month.

THE HOUSE is the largest rooming house in Benton and is the town's closest approach to a hotel. It has been the stopping place for traveling salesmen in Benton for many years.

Mr. and Mrs. Riley converted the home into a rooming house 15 years ago, adding a basement dining room and other rooms from time to time.

MARSHALL COUNTY candidates this year are expected to take to the air as never before this year — and the Junior Chamber of Commerce, sponsor of the Jaycee Jamboree, two-hour radio program every Thursday afternoon on Station WNGO helped pave the way for it.

After considerable discussion the group voted to allow candidates to buy time on the program for making short political speeches. For several weeks the Jaycees had been considering the move—but many felt that political advertising on the Jamboree might not be well advised.

### 700 from 24 Schools Participate in Meet

Event Seen Best Ever Held In Purchase

Local Entries Get 9 Firsts To Lead Field

THEY'LL GO TO LEXINGTON IN JULY

BENTON HIGH School captured nine first place ribbons and the championship plaque Wednesday afternoon at the annual Jackson Purchase Future Farmers of America district contest here which drew more than 700 high school students from 24 schools of this area.

BENTON HIGH School captured nine first place ribbons and the championship plaque Wednesday afternoon at the annual Jackson Purchase Future Farmers of America district contest here which drew more than 700 high school students from 24 schools of this area. The local FFA entrants amassed a total of 174 points and rated either excellent or good in all 22 phases of the contest, which was judged by 15 agriculture teachers from the Pennyrile.

FIRST PLACE winners from Benton with excellent ratings were: Stan Williams, electrical work; Charles Lents, beef cattle; Charles Benninghoff, poultry; Jimmy Henson, sheep; Gene Turner, farm shop; John Dyke, livestock cooperative; Bobby Brown, novelty instrument, with the mandolin.

The chapter news letter, edited by C. W. Jones, and the parliamentary procedure team, conducted by Stan Williams, president, also won first place ribbons.

THEY ARE eligible to participate in the state finals against the winners in eight other districts the last week of July in Louisville. Benton also gained a rating of "excellent" in ten other contests, but was not rated first. Second place winners were John Garfield, hogs; Charles Lents, public speaking; Eugene Byers, vocal solo. Third place winners, still with "excellent" ratings, were Thomas Nelson, corn; John Dyke, tobacco; Jerome Allen, home improvement; and the chapter quartet in the music contest. Others placing in the contest were the community dairy project, third, with a rating of "good"; Jerome Cox, pasture improvement, fourth, with a rating of excellent; Charles Stahl, hay crops, third, with a rating of good; Jimmie Chumbley, dairying, sixth, with a rating of good; chapter secretary book by Eugene Byers, fifth, with a rating of excellent; and the treasurer's book by Joe Story, fourth, with a rating of excellent.

SEVERAL prominent speakers appeared on the program, including Lynwood Schrader, state FFA president; Jerry Montgomery, state advisor; John Coon, assistant supervisor of agricultural education for Kentucky; and President Ralph H. Woods of Murray State College. City School Superintendent Tullus A. Chambers delivered the welcome address at the morning session, after which the contests were held in the various classrooms. Ribbons were presented to winners by John Lawrence Gregory, field representative in dairying for the Midwest Dairy Products Company, which donated the ribbons. The winners were interviewed in the afternoon on a program over Station WKYB, direct from the Benton auditorium.

THE FUTURE Homemakers girls' served sandwiches and cold drinks at noon in the main hall. The auditorium was decorated in FFA blue and gold colors. Joe Duke is faculty advisor of the local chapter and Morgan Hill is his assistant. Mr. Chambers said that this year's FFA program at Benton is "easily" the most outstanding since before the war.

The seven top ranking teams, together with points accumulated, were Benton, 174; Sedalia, 160; Heath, 151; Lone Oak, 150; Reidland, 100; Cuba, 88; and Murray Training School, 85.

### Candidates to 'Air' Claims

Jamboree Clears the Way for Them

James L. Wyatt of Benton today authorized the Tribune to announce that he will be a candidate for state representative in the August primary. His formal announcement will be issued in a week or two. (Paid Pol. Advt.)

JAMES L. WYATT PLANS TO SEEK POST IN STATE LEGISLATURE

James L. Wyatt of Benton today authorized the Tribune to announce that he will be a candidate for state representative in the August primary. His formal announcement will be issued in a week or two. (Paid Pol. Advt.)

WHEN SEVERAL candidates went right ahead mapping plans for radio speeches, presumably to be delivered over other programs, the Jaycees decided to clear the way for them on Marshall County's own program designed, staged and presented locally — the program which probably has as great listenership in this county as any other in the section.

The Jaycees also voted to let merchants buy as many as 15 minutes of Jamboree time for institutional programs. At their noon meeting, Wednesday in Harvey's Cafe, the group discussed the future of its state championship basketball team.

## The Right Approach

THE BIG SINGING promotion committee and the Veterans of Foreign Wars are taking the right approach this year to the problem of Big Singing and Memorial Day. They're getting started early with their plans.

For several weeks a group of persons have been working hard on Big Singing—and as a result they have arranged for at least four local radio stations to carry it—with the added possibility of a coast-to-coast hookup on CBS.

Five thousand neatly mimeographed copies of the latest History of Big Singing by T. G. Waller are almost ready for distribution as souvenirs. Plans also are being made for the possible printing of color postcards.

THE VFW, which did an excellent job with Memorial Day services last year, did all the planning in about three weeks. This year they've already started the ball rolling, and with twice as much time to work out details, they hope to have an even bigger occasion.

Several committees have already been appointed—and under the leadership of Chester Ray Powell, it is expected they won't let any grass grow under their feet.

### BUILDING LOTS

Beautiful building lots. Two minutes drive from State Park and the Kentucky Lake. Lots facing paved Highway No. 98. REA light lines running through lots. Ideal lots for homes, businesses, or as an investment. Watch these lots double in value within next two years. Lots contain from 1 to 2 acres. See or write Albert Lee at:

LEE'S SERVICE STATION, HARDIN, KENTUCKY

## Guest Editorial:

### CHOICE? IT'S ONLY RELATIVE, SAYS WRITER

By Iva Campbell

Mankind everywhere is desirous of achieving a success—of making the most of life. But what about choice? How does it affect us? And what power does it possess? We are born to our parents—we do not have the power to choose them. Nor can parents choose their children. They are God-given. No matter how we look, what we can do, we cannot change the nature of human beings. In belonging, there is a band of love holding each to the other that is stronger than any man-made power; yea it is not choice.

A man chooses his wife; and a woman has the right to choose a husband. They can choose a home in a certain neighborhood—but they cannot choose their neighbors. The children can choose playmates—in some cases—but they cannot choose brothers and sisters. When tiny babies are adopted by foster parents they are not selected by sight or judged by beauty. They accept them by plans of adoption agency—take them into their home and into their heart as their own—to love and to care for.

So many times we parents try to choose a profession for our children, when we know full well that he should decide for himself.

We all must work as well as dream, labor as well as pray. Purpose must be followed by action, and our hand be as stout as our heart. It matters not so much what it is, as whether it be honorable; and it may change to suit circumstances. But we CAN choose right from wrong, whether it be success or failure.

## STRICTLY BUSINESS

by McFeatters

"SOMEBODY SHUT IT OFF!"

## Around The Square

**THE OUTER SKIN:** A three-year old boy was given a banana by the proprietor of a Route 3 grocery last week. Trying to pry the accustomed "thank you" from the little fellow, his father prodded: "What do you say now, son?" "Peel it," the small one answered, completely unabashed.

**TATER DAY:** We've heard several folks—including a few old timers—say it was the biggest one ever. Parking space was at a premium on all the main streets—from Town Creek to the Railroad, and to the city limits on 12th. The crowd was larger than some we've seen in previous years estimated 10,000.

**AND A RELATED:** "thank you" to the many visitors who dropped by the Tribune office to visit with us—especially to the 84 person who either took new subscriptions or renewed old ones. We could do like some other papers with smaller circulations and list all the names—except that there are so many. We know most of you would rather have the space used for news—and fortunately we are able to give you news and are not forced to rely on just any old device to take up space.

**THE MAIN TROUBLE** with the Veterans Administration, according to the Hoover Commission, is that the "administration" element can't be found.

**WHICH REMINDS** us of an incident we heard happen in a VA office recently. Seems a fellow was discharged after three days of Army service in the recent war on account of mental deficiency. The ex-"soldier's" wife, after four years of contemplation, decided she rated a pension.

She called the office to present her claim—that the Army caused her husband to go insane—during his three days of service. "I hardly see how the Army could have done the job so quickly," the VA officer opined. "Was there some unusual circumstance that caused it—or was your husband mistreated in any way?"

"I was having a baby and he worried too much about me," the wife responded. "I doubt if the Army would be willing to take the brunt of the blame in your case, madame!" the VA representative replied. But the case isn't closed. The outcome might be interesting.

**SOMEONE ASKED** the other day if Benton had a new bank. He had observed an office across from the Tribune that is always opened up by a neatly dressed fellow around 9 o'clock. Upon closer scrutiny, however he discovered that it was Dr. Pat Warren, the town's only optometrist showing up for another day of giving people "the eye."

It was Dr. Warren who examined the eyes of practically all Marshall County's school children during the current term.

**CALVERT CITY'S** Gypsy Tea Room is a nice place to eat. Ditto for the Idle Hour Cafe in West Gilbertsville and Sue and Charlie's Place near Aurora. Plenty of other nice ones around, too. Just mentioned these cause we've "et" there recently.

**HAD YOU NOTICED** how nice and peaceful and relaxed things are since the union organizers left town? Life goes along happily, without dissension, just like it did before they arrived.

## The 'Gain' Is Mighty Shallow

AS THIS IS written the laborers and hod carriers strike is in its second week. From all indications the strike will have in effect eight or ten days at least by time of settlement. The laborers, who currently draw \$1.15 an hour at Calvert City, and the hod carriers, who draw \$1.40, want 10-cent increases. When the strike hits its 10th work day the wage losses, per current scale, are as follows:

LABORERS 10-DAY LOSS	\$92.00
HOD CARRIERS 10-DAY LOSS	\$112.10

If the entire pay increase eventually is granted, it will take the laborers 115 work days to regain the loss, and the hod carriers, 140 days. If the strike lasts 20 days, the figures would be doubled. Since there are only between 250 and 260 work days in a calendar year, a 20-day strike would necessitate almost a full year's work to be on even ground.

BOTH THE Pennsalt and Pitt Metal jobs are expected to be finished in about three months. This would give the workers a net loss of something like \$49-\$69 for a 10-day strike and \$98-\$138 for a 20-day strike.

Instead of a "gain," it looks more like a loss. Of course every day of the strike prolongs the job that much—also prolongs the time of beginning the "next job"—and the production lost by staying off the job can't be regained.

IN NEARBY Paducah hundreds of baseball fans and citizens have spent thousands of dollars and much time and effort toward getting their baseball park planned and ready for the season to open. With McClellan's strike in progress—those same citizens are now having to roll up their sleeves and do the work on the grounds—or face the ruin of the baseball future Paducah has needed so long.

The losses to the public are obvious. But it is gradually beginning to dawn upon folks that labor bosses—and in a few instances laborers themselves—are not interested in who suffers—only interested in the "greasy palm."

THERE IS NOTHING illegal about the strike. Apparently the labor leaders have convinced the workers it is to their best interest. But anybody who can convince a man it is to his best interest to lose from \$49 to \$138 must be a very good salesman. I guess that's why some labor leaders are labor leaders.

The important thing which strikes so much is the fact that the labor leaders go right on drawing the folding stuff while the workers are without pay. Perhaps if the strike cut off their own source of income they wouldn't be so eager for the men to walk off the job.

#### PRENTICE THOMPSON REMINDS FOLKS HE'S STILL OUT FOR JAILER

Prentice Thompson, World War II veteran of Benton Route 1, who last month officially entered the race for jailer, today issued a reminder to his friends that he is still in the race and plans to make an active campaign. Your vote and influence will be greatly appreciated. (Pol. Advt.)

#### SEVERAL FROM COUNTY ARE ELIGIBLE FOR DIVISION CONVENTION

Four or five Marshall County men were members of the First Armored Division, which is planning its annual ex-service-men's convention July 1 and 2 in the Congress Hotel in Chicago, according to Travis Etheridge of Benton.

Sgt. Etheridge, first drafted to enter the service from this county in the recent war, was one of them. He said he was sure several from here were in the old outfit—but was unable to name them.

The First Armored Division was the first in battle in Europe and the last one to leave.

### Briensburg:

#### SCHOOL ENDS MANY ATTEND

By Margaret Chandler

Last week ended another school year for the Briensburg School and it seems to have been a successful year. We have three fine teachers—Mrs. Ortha Collins, Miss Ruby Wade and Miss Raye Collier. There have been several activities during the year.

"The Old Maid's Club," a play given just before the final week turned out fine—and although it had been given once before, about three years ago, the gym was filled.

It drew many visitors from other communities, including Mr. and Mrs. Cleon Byers and daughter, and Miss Juanita Jones from Maple Springs; Mr. and Mrs. Joe Bryant from Clark; Miss Della Mae Sirls of son recently entertained Mr. and Mrs. Brooks and Mrs. Rudy Cox of Benton.

Castleberry of New Harmony and several from Benton.

The Rev. L. R. Fieldson and family have returned to their home here after a year in Lutts, Tennessee.

Mr. and Mrs. Fred Cox of Chicago visited relatives here last week end.

The Rev. T. L. Campbell was guest speaker recently at the Bible Institute at New Harmony. Recent guests of the Campbells were Mr. and Mrs. George Hayden and son of Murray.

Other recent visitors: Guests of Mr. and Mrs. Reed Heath—Mr. and Mrs. Dilmer Dunnigan and Tony, of Benton. Mrs. Lona and Josephine Wilcox recently entertained Mr. and Mrs. Rudy Cox of Benton.

### CARD OF THANKS

We wish to thank our many friends and neighbors for their kindness shown during the sickness and death of our dear mother and wife, Mrs. David Darnell. Especially do we thank Bro. Elbert M. Young and Dr. George C. McClain for their services.

David Darnell and Family.

The mere fact that a man has a lot of money doesn't prove that he is worth it.

### Chuckles in the News

A man rushed into an old furniture store. "What do you want?" asked the proprietor. "Is this a second-hand store?" the man inquired. "Can't you see that it's a second-hand store?" "Well, give me a second hand for my watch."

### Concrete Blocks and Tile

Power-tamped blocks with oval cores cured by steam. TILE UP TO 36 INCHES. Concrete mixer for foundation and basement work.

### Woodmen Camps Are "Sprucing Up"

Through their participation in the current Sovereign Officers Appreciation Campaign, Woodmen Camps throughout the country are "sprucing up" with new, colorful regalia for their ritualistic ceremonies.

This Camp paraphernalia is their reward for success in enrolling new members during this 90-day campaign ending May 31.

Ask your local Woodmen field representative or any Woodmen member to explain the protection and many extra benefits you will enjoy as a member of the Woodmen of the World.

DISTRICT MANAGER  
BENTON ROUTE 3

**FERTILIZER PAYS . . .** It pays to add plant food to new legume-grass seedings. Note difference between fertilized area (left) and unfertilized area (right). Fertilized area has a thicker stand and better growth. Roots of alfalfa or sweet clover, fed plenty of phosphate and potash, anchor them selves more firmly in the ground and resist winter heaving. You get more hay and pasture. Legumes add organic matter and condition the soil for other crops in the rotation.

### Pleasant Hill:

#### The Sun Puts Folks to Work

By William Peck

Back again with a bit more news. First it rains, gets cool, stays cloudy a day or so, then the sun shines again. Folks around home have enjoyed the sunshine the past few days—might even get to work a bit now.

This scribe attended the meet of the Mayfield Presbytery April 5 in the Margaret Hank Memorial Cumberland Presbyterian Church in Paducah. Elder Fred Thompson of Woodlawn Church spoke on the needs of the church in the opening sermon. The young people conducted the evening service, presided over by David Hester. The Rev. L. E. Baird preached the communion sermon. Services the second day were conducted by the Women's Presbyterial Missionary Society.

Pat Riley of the Howard's Grove Community was through this section Friday. So was David Inman.

Mr. and Mrs. Jones from Dexter are visiting Mr. Jones' brother-in-law, Elmer Young.

Bill Shafter is visiting relatives in Chicago this week.

Mrs. Villa Howard is visiting relatives in Paducah.

Milburn Davis planted a scope of corn Tuesday.

Nice friendly couple: Mr. and Mrs. Boone Faith.

Mrs. Annie Butler has been very sick recently but is improved at this writing. Get well wishes for all who are sick.

Only three days until Easter Sunday, which will mean a great deal to everyone who understands about the death, burial and resurrection of Christ.

There was a boy in the Army who was asked for his serial number. He answered, "Corn Flakes."

Another strike is on at the new plants near Calvert City.

Enjoyed recent chats with Clyde Littlejohn, Dale Lemoine, Charlie Morgan, Mrs. Morgan and Dr. R. E. Foust.

### TO MOVE HERE SOON

Mr. and Mrs. Rollie Provine of Sharpe have purchased the Edward Draffen home and plan to move to Benton soon.

## YOUR NEW HOME is Growing Now!

Somewhere in America's vast timberlands, the wood for your new home may be growing. Unlike most other natural resources, trees grow—producing new wood—from seedling to maturity.

Each year, America's forests grow enough sawtimber to make lumber for 3½ million modern homes. In addition, they grow millions of cords of pulpwood for the pulp, paper and chemical products that help make American homes the envy of the civilized world. With proper management and protection against fire, our tree-growing lands will produce wood for new homes, forever.

American forests are growing the stock from which we will take our future wood requirements. This growth means materials for future home-building and thousands of other uses. It also means future payrolls, taxes and secure local industries. We have a big stake in our forests. Do your share to protect them from fire.

## HIGHER ANTI-KNOCK

THE New **D-X**

### Lubricating MOTOR FUEL

Now Produced by Catalytic Cracking

There's the secret of higher anti-knock in the New D-X Lubricating Motor Fuel. Now D-X is produced by the famous catalytic cracking process—miracle of modern gasoline chemistry. The result is a motor fuel that takes hills in its stride ... without knocking. Your new car needs the New D-X Motor Fuel. And it's a great tonic for older models.

Still With The "Extra" of U.C.L.

Upper-Cylinder Lubrication is still an important "extra" in the New D-X. But now the top quality protective upper-cylinder lubricant is scientifically blended with a higher anti-knock, high octane gasoline to produce an even better D-X Lubricating Motor Fuel.

MID-CONTINENT PETROLEUM CORPORATION 4-3C

Try a tankful today. See for yourself what a difference the New D-X or D-X Ethyl with its higher anti-knock can make in your driving.

### New D-X MOTOR OIL CONTAINS EXTRINOL

Extrinol is the "extra" that is added to D-X to make it a tougher, safer motor oil. Combine the greatest "extras" in motoring

by using D-X Lubricating Motor Fuel and D-X Motor Oil with Extrinol. Get extra performance and protection at no extra cost.

HUNDREDS OF GASOLINES — HUNDREDS OF MOTOR OILS — but only one D-X

## Deaths--Obituaries

### Juel D. Gregory REBURIAL SET

Juel D. Gregory, 70, former resident of Benton, who died Sunday at his home in Dearborn, Mich., was buried yesterday (April 14) in the Goheen Cemetery after a funeral service in the Olive Methodist Church conducted by the Rev. Leslie Lee and the Rev. J. J. Gough.

Mr. Gregory, a native of Marshall County, was a member of the Olive church. He is survived by his wife, Nettie; a son, Aubrey, of Dearborn; and a brother, Wallace Gregory of Benton Route 5.

### Sarah J. Wood

Mrs. Sarah Josephine Wood, former resident of Marshall County, who died last Thursday in the home of her daughter, Mrs. T. J. Stahl, at 213 Wallace Lane, Paducah, was buried Saturday afternoon in the Wallace Cemetery.

The Rev. L. V. Henson of Benton conducted the funeral service in the Filbeck and Cann Funeral Home. She is survived by two daughters, Mrs. Stahl and Mrs. G. C. James of Murray; a son, the Rev. W. K. Wood of Ashland; a brother, W. H. Robertson of Texas; a sister, Mrs. Guy Lommon of Nashville; eight grandchildren and seven great grandchildren.

Grover Wood James, Tom Stahl Jr., William T. Wood, and Joe Edd Gibbs, her grandsons, were the pallbearers.

### Victoria Darnall

Mrs. Victoria Darnall, who died Sunday in her home, was buried Monday afternoon in the Benton Cemetery after a funeral service in the Benton Church of Christ with Elbert M. Young officiating.

Mrs. Darnall is survived by her husband, David; two daughters, Mrs. James Weir of Paducah and Miss Melodean Darnall of Benton; two sons, Alton and Eldridge Darnall, both of Benton.

She also is survived by seven sisters, Mrs. Sarah Thweatt, Mrs. Wesley York, Mrs. H. Darnall, Mrs. Burd Darnall, Mrs. Henry Blagg and Mrs. Howe Darnall, all of Marshall County and two brothers, John Thweatt of Detroit and Henry Darnall of Benton Route 3.

Pallbearers were Charles James, Hoy and Elbert Darnall, Arthur Thweatt and John L. York.

### James D. McGregor

James Daniel McGregor, 41-year-old resident of Benton Route 2, who died last Friday in a Detroit Hospital, was buried Sunday afternoon in the New Benton Cemetery after a funeral service in the Filbeck-Cann Chapel conducted by the Rev. J. J. Gough.

Mr. McGregor is survived by his parents, Mr. and Mrs. A. L. McGregor; two sons, Joe Lee and Bobby Duwain McGregor; a brother, Barnett McGregor, all of Benton Route 2; and a sister, Mrs. Angeline Tyree of Paducah.

Pallbearers were Wilson and Walter Wood, Thomas R. and Russell McGregor, Elwood Smith and Lynn Nelson.

### CARD OF THANKS

### No Iron Curtain

"We read a lot these days about an Iron Curtain maintained by a certain nation. In contrast, Woodcraft's motives are crystal clear, completely unselfish... there is no Iron Curtain here."

"All may see the relief in a widow's eyes... when the Society's check is handed to her. All may observe how fraternity is made practical when a Camp harvests an ill member's crop... presents a flag to a school... a medal to a student of history. Nor is there any secret when they establish a blood bank, present a wheel chair, or unveil an historical marker." —From an editorial by President Farrow Newberry in Woodmen of the World Magazine.

These are but some of the "plus" benefits Woodmen enjoy along with safe, sound, legal reserve life insurance protection. Ask the local Woodmen representative how you can build security for yourself and your loved ones and enjoy Woodcraft's fraternal, social and civic activities.

**Sharpe:**

**Players Thank Fans: News Letter Reviews Year's School Activities**

"Thank you" letters have been mailed by the Sharpe basketball team to 131 fans who recently contributed to a fund enabling the players to see the state basketball classic in Louisville.

The letters were signed by Ben Lampley, captain, and Coach Dorse R. O'Dell. The notes also reviewed some seasons statistics on the 1949 Green Devils.

Sharpe lost only one regular season game and later avenged that defeat by a 78-45 score. During the season Sharpe scored 1,620 points and held its opponents to 1,135. Highest score of the season was 87 points, and the most scored by an opponent, 53—the only time the Sharpe defense let their opponents score more than 50.

Last week's edition of the mimeographed "Sharpe High School News," announced plans of the sophomore class to redecorate the side room next to the stage, used for the business course the past year.

The Homemakers Club recently gave \$30 for improvements on the front lawn and the PTA spent \$325 on the play area behind the school. Signs have been placed on the front lawn saying "keep off the grass."

Eura Mathis, well known teacher at Unity School, delivered the commencement address Friday night, April 8, at the junior high school graduation. Boone Hill, chairman of the Marshall County Board of Education, presented diplomas to the 23 graduates.

**THE 'WORD' IS HARDER THAN THE WORK--**

T. V. Mobley of Brewers has just finished treating 120 chestnut fence posts with that new preservative with the six-syllable name — "pentachlorophenol"—according to County Forester Robert Rider.

Approximately 25 inches of the butt end of the posts were soaked and treated in a "penta" solution — 5 per cent kerosene. The well-seasoned chestnut was allowed to stand in the solution 48 hours.

Mr. Mobley says that untreated chestnut posts usually rot off at the ground in seven or eight years. He hopes to increase the life of his posts to 15 or 20 years by such treating. Mr. Rider says that many native softwoods will make durable fence posts if treated with this material, which is simple and relatively inexpensive.

**Hog Jowl and Turnip Greens . . .**

*are part of the Southern Tradition*

**and so is the NC&StL!**

When you talk about hog jowl and turnip greens there's no mistaking that you're talking about the South. They are foods that have been on Southern tables, enjoyed by Southern families, for generations.

The NC&StL is part of the Southern way of living, too. For more than a century it has been steadily growing with the South and helping in its development. In all these years it has sought to give the best in safe, dependable rail service.

As the NC&StL moves forward into its

second century of progress, it intends to provide its patrons with service as modern as today's new South...service as courteous and friendly as the South's traditional hospitality.

New Equipment  
Helps a Lot at  
County School

By Lucy Joyce

Looking back over our school year we are proud of many things - but most of all the improvements in our lunch room. This year a 20-cubic foot refrigerator, costing \$600, was purchased, along with two new Hotpoint stoves, new divided restaurant plates, soup bowls, dessert dishes, forks, spoons and many cooking pans.

The new equipment already has been paid for. In addition to these improvements, the lunch room and furnishings have been given a new coat of paint and shellac.

The lunch room has been used to teach us many things about nutrition and preparation of food for large numbers. The seventh and eighth grades planned menus for one project. Two menus enjoyed most during the year seemed to be: milk, margarine, green peas, meat loaf, mashed potatoes, lettuce, bread, apple sauce and gingerbread, and (2) hot dogs, buns, milk, margarine, vegetable soup, crackers, slaw, and raisin pie.

We learned to have foods colorfully prepared - and all about varied textures including fresh vegetables, fruits, spices and other varieties of preparation - with health and nutrition always a major consideration.

Mrs. Cornwell is lunch room supervisor - and helped us learn about foods. The Parent-Teacher Association gave each room some money to help buy supplies. The PTA made a \$100 donation on the new stoves and paid for paint to redecorate the boys' girls' rest rooms. The boys of the seventh and eighth grades did the painting. The bath rooms are very attractive and we are grateful to the teachers, the PTA and all who helped us with our projects.

**18 Get Diplomas  
From 8th Grade at  
Brewers School**

The eighth grade class of Mrs. Keren Holland at Brewers School was totally successful in passing the Stanford Test given last week. Mrs. Holland said today.

Those slated for graduation - and a walk into the initiation circle for high school - are Misses Patsy Wilkins, Shirley Mathis, Dara Parker, Verna Jane Houser, Betty Humphrey, Mary Lou Hamlet, June Creason, Mary Rose and Mary Jo Hall.

J. D. Rudd, Tony Smit, Ronald Dean Sutherland, Terrell Riley, Houston Dale Smith, Nell Tyree Lane, Arwood Smith, Roy Brooks Mason and Chlois Haley.

### Just Ramblings:

## Springtime ... and the Easter Season

### It's Music and Reverence and Beauty Combined

By Evilena Barrett

While I listen to the entrancing voice of Thomas L. Thomas ring out the tingling melody of Irvin Berlin's immortal lyric, "The Easter Parade," as I pause for a moment and bask in the picturesque natural beauty of the country church across the way, as I sit and note the fresh appearing beauty of the oncoming season. Behold! Springtime in all its grandeur has passed through this country community and the quiet, gracious, inspiring season of Easter is suddenly here!

It's Springtime and Easter everywhere! In nature's cathedrals, in the glorious, wide open spaces. Spring's casual sermon is being preached in the woodlands and in the open country. The valleys echo the ever-changing tone of the mocking

birds song. The robin chirps merrily--and even the piercing, cold, dominating tone of the barnyard rooster joins in the celebration of spring.

Springtime challenges the bold, daring adventurer's spirit. It speaks softly of love, youthful beauty and soft, entrancing music. The very sunlight flows with a warmth that penetrates the earth. Dead, lifeless, ugly

trees and shrubs respond to its gentle touch and feel its full-bodied pulse and life-giving rays. Roots plunge deeper into the earth and emerge in bright new colors to match the pace of spring.

But as Easter Sunday approaches, it is with a deep sense of humility and a reverent spirit that the Christian heart enters into the inspiring, celestial Easter Service in commemoration of a man who humbly and willingly gave his life on the cross of Calvary so that we might have everlasting life--then later arose victorious over death. And may the cause of Christ and Christianity march on and on!

For the children, it's the happy anticipation of the coming of the Easter Bunny and all the excitement of the traditional Easter Egg hunt. It's a time of new spring outfits--to throw off all the old winter garments

with its glowing colors and new warmth. Bright corsages will be worn and beautiful flowers will be displayed everywhere. But will it not be terrible if Sunday turns out to be a cold, blizzard, rainy day?

## THERE'S A LETTER IN YOUR BOX

... WITH EASTER SEALS FOR YOU to use on your letters as a bright symbol of hope for ALL crippled children. Your Kentucky Society for Crippled Children sends these seals to you every year and the proceeds from them help provide treatment, braces, special schooling, and other services for all types of crippled children.

The Kentucky Society for Crippled Children (a voluntary agency over 25 years old) was the first such organization to help Kentucky's crippled, and through its efforts brought about legislation in 1924 creating the Kentucky-Crippled Children Commission (the official state supported agency responsible for medically treating Kentucky's indigent crippled children).

Since that time the Society and the Commission have worked hand in hand for the benefit of crippled children--the Society annually supplementing Commission funds to produce a fuller program than state and federal appropriations afford.

Spearheading new measures to aid the handicapped, the Society worked for, and achieved, a Division of Education for Exceptional Children within the State Department of Education (1948 legislature); opened a Curative Workshop in Louisville, a new type of facility for treating handicapped, popularized by the Army and proving its worth; is building a 43-bed Convalescent Home near Lexington; and is assisting with many other projects of which Kentuckians can be proud.

Every  
Easter Seal You Buy

Helps a  
Crippled  
Child

When you send in your contribution of \$1 or more for the sheet of seals you will be actively assisting the program of aid to Kentucky's more than 12,000 crippled children. So send it today! Children crippled from arthritis, cerebral palsy, club feet, harelip, t.b. spine, or any of the many other causes, need the support of Kentucky's warm-hearted people. EASTER SEALS help ALL.

CLASSIFIED ADS

### INSECTS SEEN • DESTRUCTIVE TO BERRY YIELDS

County Agent  
Recommends Use  
Of Bug Dust

Insects are responsible for more reduction in strawberry yields than is commonly realized, according to J. H. Miller, county agent. Thousands of dollars are lost each year as a result of two relatively new insects in this area. The strawberry weevil reduces yields by cutting off bloom buds, blooms and green berries.

Fields were observed last year where yields were reduced at least 50 per cent. The Tarnish Plant Bug causes fruit to fail to develop to normal size and have a hard seedy tip. They are often called catface or button berries. These two insects can be controlled by spraying with a dust containing 5 per cent Chlordane and 5 per cent DDT.

The dust already mixed can be purchased on the open market. Application should be made as soon as the berry blooms begin to open. The dust should be applied about 30 to 40 pounds per acre. For further information see your county agent.

### Opal E. Davis Marries in Detroit

Mrs. Mary Anna Davis of Detroit, formerly of Calvert City, this week announced the marriage of her daughter, Opal Elizabeth Davis, to Felix M. Engel of Detroit. The marriage was solemnized April 1 by the Rev. Roger H. Sharpe, minister of the Jefferson Avenue Baptist Church. Miss Davis formerly attended Calvert City High School. The couple will make their home at 2649 Hillier Avenue in Detroit.
